

WELLlife™

# COVID-19 / Influenza A&B Home Test

The WELLlife™ COVID-19 / Influenza A&B Home Test differentiates between SARS-COV-2, influenza A and influenza B antigens with a single test.

## Features and Benefits

### • Ease of use

Differentiate between SARS-COV-2, influenza A, and influenza B antigens with an easy nasal swab.

### • Rapid & Convenient

Results are available in just 10 minutes, with kits that can be stored in 36°F-86°F(2°C-30°C), allowing testing anytime and anywhere.

### • Reliable

The test demonstrates outstanding clinical performance, providing reliable results.

### • Extended Detection Window

Offers a broader detection window for differentiation of SARS-COV-2, influenza A, and influenza B antigens within five (5) days of symptom onset.

### • Pre-Loaded 12-Pack Retail Holder Design

Retail holders come pre-loaded with a total of 12 OTC 1/2ct packs for a total of 12/24 tests. Convenient for retail and pharmacy countertop displays or storage. Features a header card display with QR code for further product details and instructions.

## Product Performance

	SARS-COV-2	Influenza A	Influenza B
Positive Percent Agreement (PPA)	87.5%	85.9%	86.8%
Negative Percent Agreement (NPA)	99.7%	99.7%	99.7%

In the USA, this product has not been FDA cleared or approved, but has been authorized by FDA under an Emergency Use Authorization. This product has been authorized only for the detection of proteins from SARS-CoV-2, influenza A, and influenza B, not for any other viruses or pathogens. The emergency use of this product is only authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of in vitro diagnostics for detection and/ or diagnosis of COVID-19 under Section 564(b)(1) of the Federal Food, Drug, and Cosmetic Act, 21 U.S.C. §360bbb-3(b)(1), unless the declaration is terminated or authorization is revoked sooner.
